Breed:
___ Sphynx

Date of Birth:

Sex:

Colour:

Date of Sale:

Sold to:

Sale Price:

Quality:

___ Show/Breeder

___ Show/Pet

___ Pet Only

Terms:

1. The Purchaser agrees to provide a clean, loving home for the cat throughout said cats life with Purchaser. Purchaser agrees to keep kitten or cat indoors, and will not allow said cat to roam freely outdoors.
2. If, for any reason, Purchaser is unable to keep said cat **Godz Sphynx** will help place the cat in a new home at no charge. In no event will Purchaser turn said cat over to a shelter, humane society, or cat rescue group.
3. If, within a 3-day timeframe, said cat is found to be deficient in any way, Purchaser may return the cat for a full refund of the purchase price, less any shipping charges. The cat must be returned within 7-days of receipt. After the 3-day period, **Godz Sphynx** can no longer guarantee the cats health, with the exception of birth defects.
4. **Godz Sphynx** guarantees said cat against birth defects for a period of one year.
5. **Godz Sphynx** will replace said cat if the placement is not working for the Purchaser or the cat. Another **Godz Sphynx** kitten will be exchanged to Purchaser with the original kitten, or cat, returned to **Godz Sphynx**.
6. It is understood that no guarantee can be made of the quality of hairlessness, as "hairlessness" of the Sphynx breed varies. Many factors affect hairlessness such as spay/neuter, environment, temperature, time of year, type of bedding, and any attire, which might be placed on a cat or kitten. It is also understood that genetics play a role in hairlessness, and no feline is completely hairless.
OPTIONAL ADDENDUM: Breeders or Show Quality Only
7. This cat is sold as a whole breeding cat. This cat cannot be sold, or resold as a breeding cat without written permission from Judi Price, or **Godz Sphynx**.

Purchaser's signature indicates full understanding, and agreement, of all above conditions. A signed copy of this contract must be returned to Seller within twenty-one days, or this warranty is null and void.
